PLASTIC PADLOCK SEAL

Product Data Sheet

Brooks' line of Plastic Padlock Seals blushes to indicate signs of tampering.

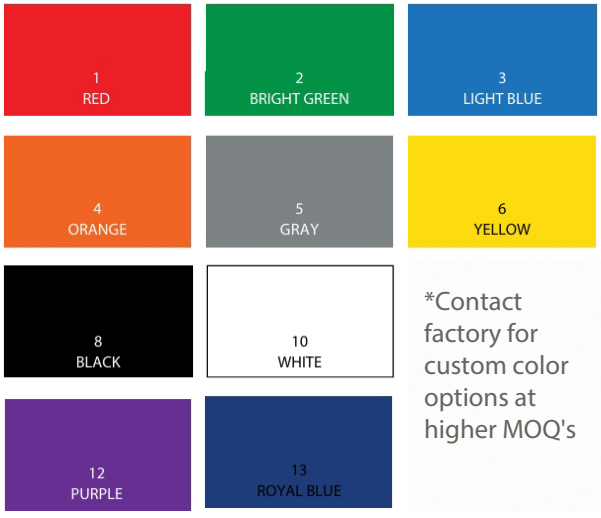

FEATURES

- Polypropylene body with UV inhibitors extends product life and protects against fading.
- 0.047" Wire hasp is available in galvanized or stainless steel.
- Standard and Secure Hasp configurations available.
- Heat stamped name, logo, or 7-digit serial numbers in black or white lettering.
- Cold stamping also available.
- Barcoding available in Code 128, Code 3 of 9, or Interleave 2 of 5 configurations.
- 12 body color options.

APPLICATIONS

The Brooks' Plastic Padlock seal is ideal for use on utility meters and other metering equipment and are intended for low and medium security applications.

With 10 available colors, hasp and stamping options, the Plastic Padlock seal adapts to a utility's environmental and identification needs.
